

**GP 1**

# GP 1

## ENGINE

Engine type	Single-cylinder engine; 4-stroke
Engine distribution	4-valves
Displacement	125 cc
Ignition System	ECU
Starter system	Electric
Fuel management system	Electronic fuel injection
Cooling	Liquid cooling
Pollution regulations	Euro 5

## TRANSMISSION

Gear switching	6-speed manual gearbox
Clutch	Multi-disc clutch

## CHASSIS

Type	Tubular steel frame
------	---------------------

## SUSPENSION SYSTEM

Front	Large diameter telescopic fork
Rear	Aluminium alloy rear monoshock and simple rocker arm

## BRAKING SYSTEM

Type	Combined braking system with twin-piston calipers mounted with double front discs and only one rear disc
------	--

## DIMENSIONS

Length	2.050 mm
+ idth	720 mm
flight	1.155 mm
Wheelbase	1.420 mm
+ eight	167 kg
Fuel tank capacity	14 L

## TYRE

Front	110 / 70-17
Rear	150 / 70-17
